What you need at pick-up

Licence

The main driver and any additional drivers will need to provide a full driving licence in their name.

It is each driver's responsibility to find out what paperwork they need before driving in another country. For example, you may need a visa and/or International Driving Permit as well as your driving licence.

Each driver will need to provide a valid driving licence. If it is written in non-Latin characters, they'll also need to provide a valid International Driving Permit or a certified translation. Any driver with a driving licence from outside Europe is advised to have an International Driving Permit as well.

Holders of UK, US, Canadian, Australian and all EU member states are not required to supply an International Driving Permit (IDP). International Driving Permits where required, must be accompanied by the original domestic licence of the driver. An International permit presented without the domestic licence, will not be accepted. Licences must be from the country of permanent residence. NON-EU/EEA driving licences cannot be accepted if the holder has been resident in Ireland for more than 12 months.

Identification

Accepted Credit Cards

The main driver must be in possession of a Credit Card in their own name when picking up the car. The Card must have enough available funds to cover the excess / deposit amount (which will be blocked on the Card for the duration of the rental). The Card will also be required to pay for local fees, extra equipment and anything purchased additionally at the car hire counter.

The main driver must present this Rental Voucher when picking the car up.

Refer to the Terms and Conditions for more information.
